Tap the Setup button in the top right.

Drag the slider across to increase the number of “courses” to ring to eg 20.

Also make sure “Interactive” is ticked.

Click “Back to Method Player” when ready.

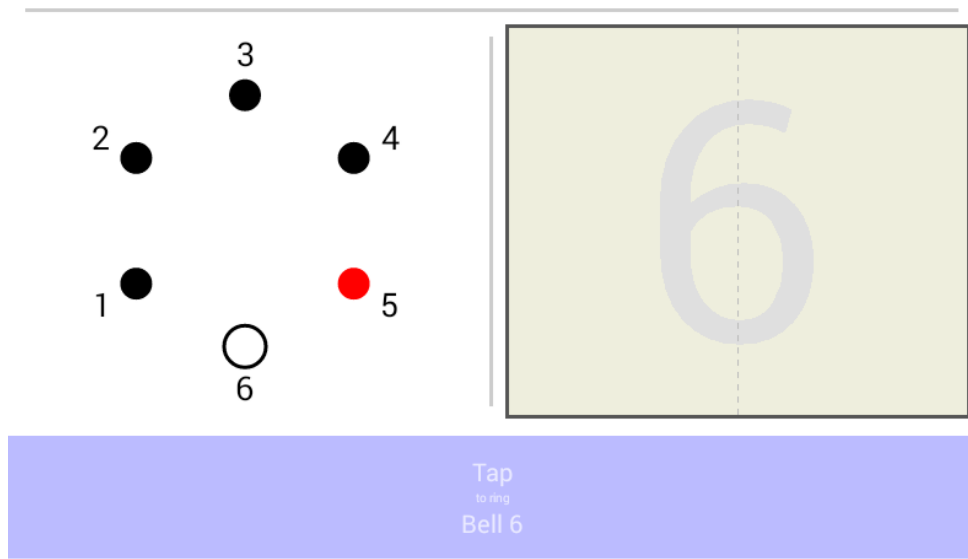

Tap the drop-down menu to choose which bell to ring

SETUP

- Tap the middle triangle at the top left to start.
- Tap the bar at the bottom of the screen to ring your chosen bell.
- Judge when to ring your bell by listening and following the numbers as they are printed out, or by watching the rope circle on the left. The circles switch between black and white (to indicate the stroke) and when each bell sounds the corresponding circle momentarily turns red.

Covering to a Doubles Method

To practice ringing the tenor behind we need to be creative and pretend that we are adding a 6 bell method.

The notation for Plain Bob Doubles will be: 56.16.56.16.56,1256

The notation for Grandsire Doubles will be: 36,16.56.16.56.16

Make sure you get the commas in the right place!
